

## **Plant Therapy Releases Its KidSafe Line of Essential Oils in a Complete Set of 20**

*Leading the aromatherapy industry in essential oils that are safe for children, Plant Therapy empowers families with all-in-one KidSafe sets.*

TWIN FALLS, Idaho ([PRWEB](#)) November 28, 2017 -- Three-and-a-half years after launching the first-ever line of essential oils specially formulated for children, Plant Therapy has now announced the release of complete sets of these special formulations.

Plant Therapy, a leader in the aromatherapy industry, teamed up with Robert Tisserand in the summer of 2014 to formulate a line of Planttherapy.com essential oils that are safe for children. The company, with headquarters in Twin Falls, Idaho, named this new line KidSafe®.

“We created KidSafe synergies to help empower families to choose essential oils they could use with confidence for their children,” said Chris Jones, President of Plant Therapy and a father of four.

Since then, Plant Therapy has expanded its KidSafe line, and has now made these essential oil blends available in a complete set of 20. They are available in [undiluted 10 mL bottles](#), or in [pre-diluted roll-ons](#).

“All of our KidSafe products are formulated with 100-percent pure, high-quality essential oils,” Jones said. “All children are different, however, so we recommend customers follow general guidelines.”

Jones said those essential oil guidelines are available at the Plant Therapy website, and the company employs six Certified Aromatherapists who are on call to answer all questions.

The KidSafe complete set comes in hard-top cases and includes the essential oil blends named for what they are intended: A+ Attention, Better Than Kisses, Calming The Child, Germ Destroyer, Grow Ease, Immune Boom, Itch Away, Nighty Night, No More Warts, Odor Zapper, Shield Me, Silky Soft, Skin Soother, Sneezy Stop, Sniffle Stopper, Sore No More, Sweet Dreams, Sweet Slumber, Tension Tamer, and Tummy All Better.
