Plant Therapy Named the Fastest-Growing Company in Idaho by *Inc.* Magazine Twin Falls Essential Oils Company Ranks #31 Overall on the 2015 Inc. 5000 List

Twin Falls (September 4, 2015) — *Inc.* Magazine has recognized [Plant Therapy](#) as one of the fastest-growing companies in the nation and the No. 1 fastest-growing company in Idaho. Plant Therapy has enjoyed astounding growth of 7,854% since 2011, which earned it its spot on the coveted Inc. 500/5000 list of the most successful private companies in America as well as a [profile in the magazine](#).

The essential oils market has exploded over the past few years, and Plant Therapy has been at the forefront. The company's goal of providing high-quality essential oils at a reasonable price point has helped it become the fastest-growing essential oils company in the nation.

Chris Jones, owner of Plant Therapy, credits the company's success to its high standards and unmatched dedication to integrity.

"I learned some of the most important things about how to run a business in my pre-school years. Treat others how you would like to be treated. Don't cheat. If you screw up, fess up to it and learn from it. Play fair. Don't quit just because it's hard. Be honest. Try your hardest. Be respectful. These may seem like simple concepts, but I believe they are the foundation to a successful business — and life," says Jones.

Jones expects Plant Therapy to continue to grow as more people discover the benefits of essential oils and seek out the best-quality oils at the lowest cost. Plant Therapy sources its oils from top suppliers around the world, buying in large quantities and negotiating the best prices possible. This allows Plant Therapy to sell 100% pure, quality oils at affordable prices.

"It is an incredible honor to be included on the Inc. 500 list," says Jones. "Many of our customers are on a life-changing journey toward natural health, and essential oils are a part of this journey. We are grateful they have chosen to take us along with them."

Check out the Inc. 500 [online](#) and [print](#) profiles of Plant Therapy, which detail the tremendous growth of the company and the people behind its success.

About Plant Therapy
