Plant Therapy's new 'Summer Dreams' set celebrates the essence of summer
Uplifting essential oils bring summer into the home any time of year

Twin Falls, IDAHO – June 21, 2019 – Sun, sand, and adventure - summer is a time for making memories and celebrating good times, and essential oils leader Plant Therapy has captured the scents of summer memories with its 100 percent all-natural [Summer Dreams Set](#) of essential oil blends. This set was created to take users back to the scents and feelings of summer as a carefree teenager, with three different blends: **Sun Kissed, Mountain Air, and Endless Summer.**

Endless Summer: This blend celebrates the carefree feeling of the season all year long. The bright and uplifting scent of Endless Summer is the perfect way to help boost the mood and lift spirits. The brightening qualities of Pink Grapefruit help to lift mental fatigue, while the energizing combination of Lemon Steam Distilled and Lime Steam Distilled are refreshing and uplifting. Sweet Orange promotes cheerfulness, while Mandarin and Ylang Ylang Complete help to soothe and relieve nervous tension. Like the calm of a long summer day, Endless Summer helps ease the mind by reducing worry, alleviating tension, and promoting focus.

Mountain Air: From out-of-town vacations and camping trips to summer ball games and family barbeques, summertime is filled with on-the-go activities. Mountain Air blend offers a

well-deserved peaceful respite. The calming and soothing essential oils of Bergamot, Lemon, Roman Chamomile, Cedarwood Atlas, and Lavender make a beautiful blend that recreates twilight spent by the lakeside. With fireflies dancing and a warm, sweet, evening breeze sweeping in from the countryside, this blend brings instant peace.

Sun Kissed: There's nothing better than the sun shining bright in the sky, warming from the inside out. Plant Therapy bottled up that bright and uplifting sensation in its Sun Kissed blend. The sweet and citrusy blend of oils encourages a summertime sense of joy and excitement. May Chang and Lavender help to soothe and instill a sense of calm, while Peru Balsam rounds out the blend with a lovely, sweet, supportive note.

"Our seasonal blends have been extremely popular," said David Weymouth, vice president of product development at Plant Therapy. "Our aromatherapy oils are well known for their therapeutic benefits but now we have made it easy for anyone to infuse their personal space with scents of the season. The summer blends are truly reminiscent of all the best of summer - sun, outdoors and fresh air."

The Summer Blends, as well as other Plant Therapy essential oils, are available for SRP \$24.95 for the set of three, through the company website, www.planttherapy.com, and at online retailers including Amazon.com. Individual blends in the Summer Dreams set (Endless Summer, Mountain Air, and Sun Kissed) can be purchased separately.
