

LAVENDER LOTION BARS

WHAT YOU WILL NEED

- 2 ounces Cocoa Butter
- 2 ounces solid coconut oil
- 2 ounces beeswax pearls
- 30 drops of Lavender
- Silicone molds

WHAT YOU WILL DO

1. Place all ingredients, minus the essential oils, into a glass bowl.
2. Use a double boiler to melt all ingredients completely.
3. Remove from heat and stir in the essential oils.
4. Pour into silicon molds.
6. Cool until solid.
7. Pop out of molds and store in an airtight container.

To use Lavender Lotion Bars, simply take a bar and liberally rub all over your skin. The warmth of your skin will slowly start to melt the lotion bar creating a smooth lotion to rub around.
