WHAT YOU WILL NEED

- 100% wool yarn • Pantyhose • Essential Oils

WHAT YOU WILL DO

1. Wind the yarn around your index finger a few times.
2. Slip the yarn off the index finger and wind the yarn around the loops in the opposite direction a few times.
3. As you see the ball start to form, rotate the ball every few winds.
4. Continue to form the ball until it is about the size of a tennis ball.
5. Securely tuck the loose end of the yarn into the ball.
6. Put the ball of yarn into a pantyhose.
7. If you have multiple balls of yarn, make sure you tie a knot between each one so the balls don't stick together.
8. Put the wool balls into the washing machine and run through a hot cycle 2-3 times (can be added to other laundry loads).
9. Place them in the dryer with the other laundry and dry them.
10. Remove the wool ball from the pantyhose.
