

Woodland Co-Extraction

ESSENTIAL OIL

Ingredients: Juniperus Virginiana (Virginian Cedarwood) Oil, Pinus Sylvestris (Scots Pine) Leaf Oil

Shelf Life: 2-3 years

KidSafe: Yes

Pup & Pony Safe: Yes

Cautions: Keep out of reach of children. If pregnant or under a doctor's care, consult your physician. External use only.

Directions:

Aromatic - Diffuse using 3-4 drops per 100 mL of water or use in a personal inhaler.

Topical - Dilute to 2-4% in a carrier.

DESCRIPTION

Woodland is a unique co-extraction of Virginian Cedarwood essential oil with a French Pine resinoid. The unusual process of co-extraction results in a deep, rich, smokey aroma with fruity black currant top notes and fir and balsamic undertones. Reminiscent of sitting outdoors around a fire, Woodland is perfect for the winter season and for DIY men's body products. Woodland oil helps ease congestion and supports a healthy respiratory system. The properties of this unique oil may also help soothe rough, reddened and oily skin. Try diluting to 2-4% in a carrier oil and applying to chapped winter skin.
